UPGRADE OPTIONS

- All plywood construction cabinet box
- Plywood ends construction cabinet box
- QuietClose™ wood dovetail drawer and roll tray box
- QuietClose™ door hinges

WHAT IS PURESTYLE™?

STABLE AND DURABLE.

PureStyle combines the beauty of paint with resistance to moisture, warping, expansion and contraction, making it ideal for high moisture areas.

ENGINEERED FOR STRENGTH

Wrapped door and drawer front components offer a 5-piece construction that emulates the look of a painted door style. It’s natural channel accepts fixative for improved door strength while reducing the ability for moisture to enter.

UNMATCHED BENEFITS.

With less visible changes to surface appearance due to use and aging, PureStyle offers stability and consistency over time.

5-PIECE CONSTRUCTION.

As opposed to thermofoil, which is a routed slab product, PureStyle boasts a true 5-piece construction that effectively emulates the look of painted wood cabinets.

A PROVEN PERFORMER.

Like all Pivot™ products, PureStyle has been subjected to rigorous KCMA performance testing and has met or exceeded all certification requirements.

CLEANS BEAUTIFULLY.

A clean cloth dampened with a solution of 5% dish soap and 95% water is all it takes to clean PureStyle cabinetry. Dry with a clean, soft cloth.

ON-TREND AND IN DEMAND.

PureStyle offers crisp, clean details and a quality finish. The added benefits of color consistency paired with the resistance to scratching, fading and surface water mean PureStyle delivers fashion without the fuss.

EXCEPTIONAL FINISH.

PureStyle features color consistency without the unpredictable variability often seen by various wood types. The surface regularity of PureStyle results in a fashionable, clean-lined aesthetic.

Slim SO Maple Buckeye

Styles, product availability and construction may vary slightly from those shown in this book due to material availability and/or design evolution. Specifications are subject to change without notice. Customer service is available if your design requires verification of product availability and specifications.

Product photography and illustrations have been reproduced as accurately as printing technologies permit. To ensure highest satisfaction, we strongly recommend you view an actual sample for best color, wood grain and finish representation.

Pivot™ is a certified brand in the Kitchen Cabinet Manufacturers Association (KCMA) Environmental Stewardship Program. The program recognizes companies that demonstrate an ongoing commitment to environmental practices and sustainability.

When Hardwood is painted, cabinet components, doors and/or drawer fronts may be constructed of various hardwood materials and/or composite materials such as Medium Density Fiberboard (MDF) and/or High Density Fiberboard (HDF).

Pivot™ has a Limited Lifetime Warranty.

For terms and conditions, please see your designer for details.
